PRODUCT DESCRIPTION

Designer: Bert Frank Design Team

Bert Frank Riddle Double Table Lamp

Bert Frank Riddle Double Table Lamp features two articulated, perforated shades with fabric inserts, set above a solid brass powder-coated base. The perforations soften the glow, while the two shades can be positioned separately to alter the direction of the light.

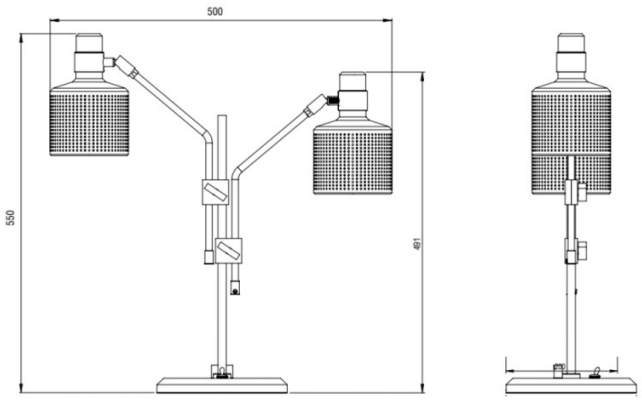

A tactile brass toggle switch is set into the base, and black flex cable is supplied as standard, with other cable colours available on request. Brushed Brass, Antique Brass, Dark Bronze, and Satin Nickel make up the four standard brass finishes, with powder-coated options also available.

The paired shades provide two points of directional light within one table fitting. Best suited to desks, side tables, and reading areas where adjustable task lighting is required.

Please note, the product shown features Bert Frank's Textured Black powder-coated base and details. Alongside Textured Black, Bert Frank also offers Textured Cream, Textured Blue, Textured Green, Textured Oxblood, Satin White, Satin Dove, Satin Hazel, Satin Olive and Satin Black powder-coated finishes. Contact us for pricing and information.
