PRODUCT DESCRIPTION

Designer: Will Earl

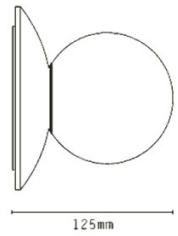

J. Adams & Co Orbit Wall Light

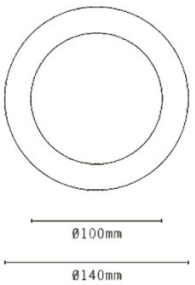

The Orbit Wall Light is a refined, pared-back design that celebrates the high-quality materials and expert craftsmanship synonymous with J. Adams & Co. Its spherical opal diffuser creates a striking yet elegant contrast against the natural stone backplate. Crafted from mouth-blown glass, the diffuser rests delicately on a backplate available in Black Marble, Travertine, Red Marble, or Green Marble, offering a distinctive finish to complement a range of interiors.

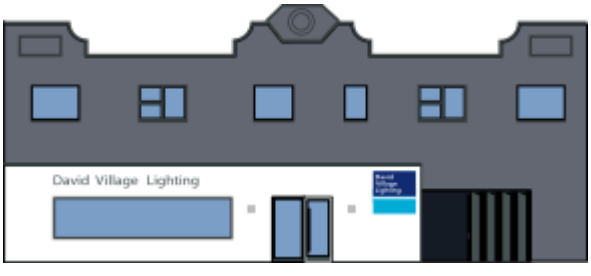

With an IP44 rating, the Orbit Wall Light is an elegant choice for bathrooms, bedrooms, hallways, and hospitality settings. Its compact form works well in interiors of any size, while the opal sphere casts a soft, welcoming glow when illuminated. Display it as a standalone feature, arrange several along a hallway, or position a pair on either side of a bathroom mirror.
