PRODUCT DESCRIPTION

Designer: Will Earl

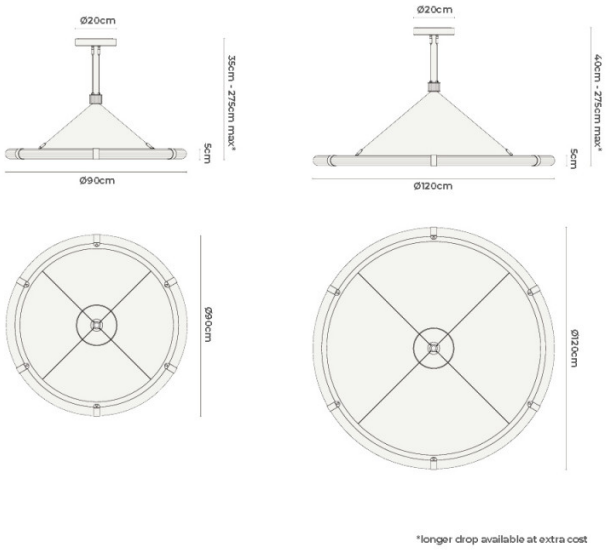

J. Adams & Co Strata Circular Pendant

Designed by Will Earl, the Strata Circular Pendant reimagines fluted glass in a continuous, seamless design. To achieve its circular form, skilled craftsmen use heat and internal pressure to bend reeded glass into a perfect arc. Each glass tube is attached to an inner aluminium ring, powder-coated in a charcoal finish for a striking contrast of light and texture. The circular structure is available in two sizes to suit a range of interiors.

When illuminated, the reeded glass creates a captivating interplay of light and texture, highlighting the beauty of light refraction. A focused spotlight offers practical downlighting, offering both atmosphere and function. This combination of lighting makes the Strata Circular Pendant well-suited for use above tables and workspaces. Display in a dining room, living area, or study for an elegant feature that enhances the space with comfortable lighting and a sculptural focal point.

PRODUCT SPECIFICATION

Light Source:	**900**: 24W, 2700K, 3046 Lumens **1200**: 34W, 2700K, 3899 Lumens
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	**900**: Ø90cm Drop Height: 35cm - 275cm **1200**: Ø120cm Drop Height: 40cm - 275cm Diffuser Height: 5cm Ceiling Canopy: Ø20cm
