PRODUCT DESCRIPTION

Designer: SkLO

SkLO Stem 2x Wall / Ceiling Light

The SkLO Stem 2x Wall/Ceiling Light is a minimal lighting solution designed to suit a range of spaces. Its versatile form is suitable for use as a ceiling or wall light, and its compact proportions make it well suited to smaller interiors. The Stem consists of two diffusers, crafted from hand-blown Czech glass, which is available in both dipped glass, featuring the SkLO double-dipped flame-polished mouth and textured glass, featuring a soft, frosted finish and subtle sculpted vertical ridges. A range of glass colourways and five luxurious metal finishes offer scope to tailor the light to suit any interior.

When illuminated, the 2x Wall/Ceiling Light produces a soft, diffused light that bathes the surrounding surface in a warm glow. This decorative lighting suits a range of spaces from bedrooms to living spaces to hallways. Display individually, in pairs to frame a doorway or mirror, or in rows to create an even spread of light. Due to its handcrafted nature, slight variations will occur in each piece, including colour saturation, colour tint, dimensions, and shape. This is part of SkLO's design intent and celebrates traditional Czech glass-blowing techniques.

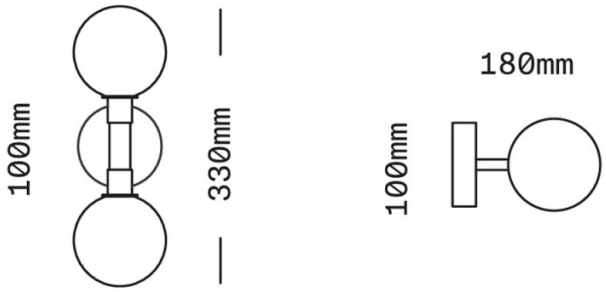

PRODUCT SPECIFICATION

Light Source: 2 x Max 7W G9 LED (Included)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: Height: 33cm
Width: 10cm
Depth from wall: 18cm
