PRODUCT DESCRIPTION

Designer: SkLO

SkLO Stem 1x Wall / Ceiling Light

The SkLO Stem 1x Wall/Ceiling Light is a versatile design suited to a wide range of spaces. Its compact size is ideal for smaller interiors, while multiple lights can be installed in larger spaces to provide an even spread of light. Each piece is handcrafted, with subtle variations that make it unique. The dipped glass options feature an irregular opening, formed by dipping the piece twice into a crucible of molten glass, breaking it away from the glassblowing pipe and fire-polishing the opening. This intentionally irregular finish celebrates the craft of glassblowing. The textured glass diffusers have no opening and feature a frosted surface with a subtle pattern of etched lines for a moody, classic look.

Customisation is at the heart of the Stem 1x Wall/Ceiling Light. The glass shade is available in a range of colourways, and the metal backplate is available in an Antique Brass, Brushed Brass, Brushed Nickel, Dark Oxidised, or Polished Nickel finish. Elegant on its own and striking in clusters, the Stem can be arranged in a variety of compositions to suit any décor. Display with the **Stem 2x Wall/Ceiling Light** for a cohesive theme that creates a sense of balance.

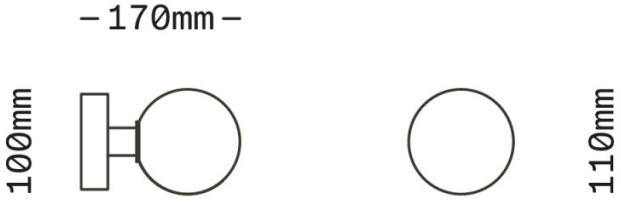

PRODUCT SPECIFICATION

Light Source: 1 x Max 7W G9 LED (Included)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: Height: 11cm
Depth: 17cm
Backplate: 10cm
