PRODUCT DESCRIPTION

Designer: Antonio Citterio

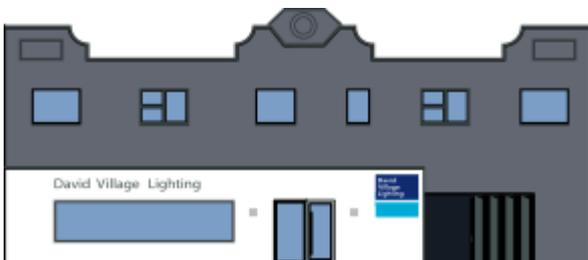

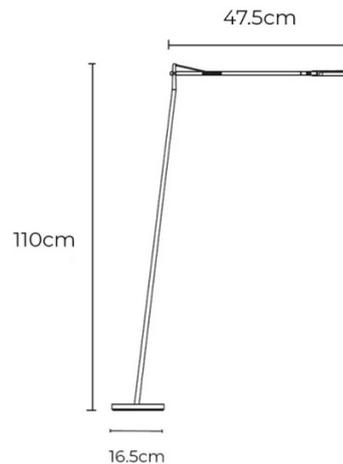

Flos Kelvin LED Floor Lamp

Described as a revolutionary task light, the Flos Kelvin LED Floor Lamp by designer Antonio Citterio is a highly adjustable lighting solution, providing direct illumination. An accompaniment to the table lamps in the [Kelvin Collection](#), this floor lamp offers the same functional light, with a longer stem and minimalistic silhouette.

Featuring a double arm, fixed pantograph and adjustable head, the Kelvin LED Floor Lamp has an ultra-flexible system. The 30 powerful LEDs are mounted on a square lamp head, which can be easily angled to direct the lighting output to where it is most needed. This floor lamp is the perfect accompaniment to a favourite reading nook or cosy living area and is available in 3 colour finishes, anthracite, black or white.
