PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan Spiral SP01 Pendant

The Verpan Spiral SP01 Pendant uses plastic silver plated spirals in different finishes and different lengths suspended from a chrome frame. This results in a lively and expressive sculptural design that creates a unique and vibrant ambience even when switched off.

The spiral design plays with the light and the surroundings as it reflects and diffuses light out into the room. This ceiling lamp is a great example of Verner Panton's re-imagining of everyday products. This experimentation comes from a desire to 'try to show new ways to encourage people to use their fantasy and make their surroundings more exciting'. This is achieved in the design of the Verpan Spiral SP01 Pendant in both chrome and gold finishes.

PRODUCT SPECIFICATION

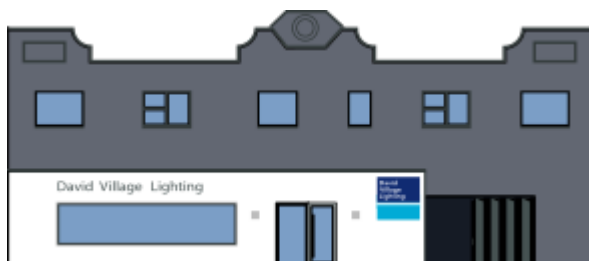

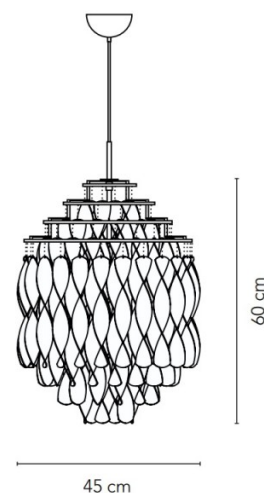

Light Source: 1 x max 60W E27 (excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming

Dimensions: Ø 45 cm
60 cm height
400 cm cable length

SP01
