Kartell Big Bloom Pendant

A striking design by Ferruccio Laviani, the Kartell Big Bloom Pendant is the largest luminaire in the collection. Characterised by a frame composed of singular flowers that are crafted from transparent or coloured polycarbonate, the inner light sources of Kartell Big Bloom reflect throughout the petals and create an eye-catching ambient illumination.

Big Bloom is perfect for both the home and public environments for a touch of contemporary elegance. The colours available include crystal, white, lavender (multi-colour in shades of lilac, pale blue and pale green) and mint (multi-colour in shades of pale green, dark green and pale blue). The Big Bloom creates a strong presence on its own, but can be combined with other designs in **the range** to create your own floral cluster. The Bloom collection also includes a ceiling light, ceiling/wall light and 2 more pendant lights, an elliptical or tubular one.

Please Note: this product requires on-site assembly.
