PRODUCT DESCRIPTION

Designer: Emmanuel Babled

KDLN Dew 1 LED Suspension Light

Designed by French designer Emmanuel Babled, the Dew suspension is described by KDLN as 'glass drops suspended in space like dew, tangible and fleeting; they multiply their luminous reflections'. The expertly crafted glass shades envelop the glistening chrome detailing. This detail is what makes these lights a stunning feature when switched off as well as switched on.

Emmanuel is known for his love of glass and voluptuous forms that emulate droplets of luxurious glass. This passion, paired with the metal detailing in either black, chrome or brass, demonstrates the skill and craftsmanship that the designer has used to form these Dew suspension lights.
