Marset Pleat Box 13 Pendant Light

Marset Pleat Box 13 Pendant is the narrowest size in the Pleat Box collection, designed by Xavier Mañosa and Mashallah for Marset. The design began with the idea of applying a digitally designed fabric crease to a ceramic form, giving the shade its folded upper edge and soft, draped shape. Each shade is handcrafted in ceramic, so the material, folds, and surface finish are central to how the pendant looks in a room.

The Pleat Box 13 has a slim ceramic shade with enough height to show the folded form clearly. It works well on its own beside a bed, over a small table, or in a compact corner where a larger pendant would feel too heavy. Used in a row, it can bring colour and shape above a kitchen counter, bar, or longer surface. The ceramic shade is available in several exterior finishes, with either glossy white enamel or a 24-carat gold-plated finish on the inside depending on the variant.

This E27 version is supplied with a ceramic canopy in the same colour as the chosen shade and a black fabric cord. The lamp is excluded, allowing the final brightness, colour temperature, and dimming performance to be chosen around the room and installation. Most suited to bedrooms, kitchens, dining spaces, restaurants, hotels, bars, and interiors where a narrow ceramic pendant can be used alone or repeated in a row.

Please Note: As of November 2026 all Marset Pleat Box Pendants are supplied with a black cable and a canopy in the same colour as the selected shade.
