PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Artemide Tolomeo Due Bracci Suspension

The Artemide Tolomeo Due Bracci Suspension is a modern take on a classic design. Utilising the articulated arm system synonymous with the **Tolomeo Collection**, Due Bracci features two spring-balanced arms that open out from a single stem. This adjustable frame allows users to manoeuvre the suspension to create direct task lighting or an indirect ambient glow.

Crafted from aluminium, the Tolomeo Due Bracci Suspension boasts a clean, minimalistic structure that suits a wide range of contemporary decors. This material gives the lamp a modern and sophisticated presence, while maintaining remarkable lightness and durability. The Tolomeo Due Bracci suits environments where bright, direct light is required, such as a reading nook, office space or restaurant.
