PRODUCT DESCRIPTION

Designer: Miguel Milá

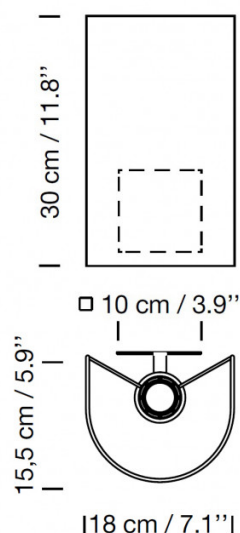

Santa & Cole Singular Wall Light

The Singular wall lamp was designed by Miguel Milá in 2000 for Santa & Cole. A simple yet effective fixture, the wall light is made from a white linen shade which conceals a metal structure and the light source, the linen shade softly diffuses and warms the illumination. The light source escapes from the bottom and the top of the wall lamp and also spreads out evenly to provide a warm and ambient glow.

The Santa & Cole Singular Wall Light is the definition of minimalism and is perfect for virtually any setting. This wall light can be used alone or in multiple depending on your lighting needs, a beautiful addition to your bedroom, hallway, dining room or even kitchen. The white finish also means that it can slip into any design scheme and will be unobtrusive for both classic and contemporary environments.
