Santa & Cole Belloch Outdoor Chair

The Lagranja design studio was commissioned by Santa & Cole to create a chair for their headquarters in Belloch, Barcelona. The collection included a series of chairs with natural beech legs and an outdoor chair with anodised aluminium legs. The Belloch outdoor chair, in a white finish, is perfect for any exterior setting, whether for a residential or work environment. The chairs can easily be stacked on top of each other, recommended up to four at a time, so they may be stored using very little space.

The chair is a sleek, modern and truly comfortable design, that you can use for hours and even won the 2009 IIDA (Award of Excellence) award. For a matching indoor chair, you can choose the [Belloch chair](#), available in white, grey, black, red, green or brown and wooden legs.
