PRODUCT DESCRIPTION

Designer: Patricia Urquiola & Eliana Gerotto

Foscarini Caboche Plus LED Suspension Light

In this new LED version of the bestselling Caboche pendant, Foscarini wanted to retain all the emotion of the original model whilst affording high energy efficiency levels and durability. For this reason, after a lengthy lighting technology design project developed by Foscarini, the new Caboche Plus LED pendant light retains the unmistakable effect of this lamp, in which every sphere recreates the image of the light source inside it and of its surroundings.

Available in a grey or transparent finish and in 3 sizes, the Caboche Plus LED pendant lamp can be used in many interiors and the range of sizes available means you can use this pendant in small and large settings, whether used alone or in multiples. You can also choose between a dimmable or non-dimmable option so you can have the right functionality for your space. A stunning design that will draw attention in any room!
