PRODUCT DESCRIPTION

Designer: Ernesto Gismondi

Artemide Nur LED Pendant Light

Artemide Nur LED Pendant Light uses the familiar Nur body to house an integrated LED source, keeping the light held within a broad, controlled form. Designed by Ernesto Gismondi, it provides general ambient lighting through direct and indirect emission, and the standard Nur LED versions are Artemide App Compatible.

This page brings together Nur LED and Nur Mini LED. The difference is mainly one of size, not design direction: the larger fitting has more spread over a table or open area, while the Mini keeps the same family character in a smaller suspension. Nur Mini LED is specified with diffused direct and indirect emission, and both sizes are offered in Anodised Aluminium and Anthracite Grey.

Artemide Nur LED Pendant Light is available in standard and Mini sizes, in Anodised Aluminium or Anthracite Grey. The form stays familiar, but the proportions change. Best suited for dining tables, kitchen islands, living spaces, and work settings where an integrated LED pendant is needed for general ambient light with a defined overhead presence.

PRODUCT SPECIFICATION

Light Source:	**Nur LED:** 45W, 2700K, 1882 Lumens **Nur Mini LED:** 30W, 2700K, 1501 Lumens
IP Code:	20
Dimming:	**Nur LED:** Dimmable via the Artemide App. **Nur Mini LED:** Push to make/ switch dimming, dimmable using push-to-make switches. Please consult your electrician; additional wiring may be required on-site.
Dimensions:	**Nur:** Height: 43cm Shade: Ø55cm Max Height from Ceiling: 220cm **Nur Mini:** Height: 28.5cm Shade: Ø36.6cm Base: Ø18cm Max Height from Ceiling: 220cm
