PRODUCT DESCRIPTION

Designer: Naoto Fukasawa

Artemide Itka Wall / Ceiling Light

An iconic light, designed by Naoto Fukasawa for Artemide, the Itka Wall and Ceiling Light has the characteristic flat hand-blown opaline glass diffuser. Although flat in shape, the diffuser emits a light evenly distributed in the room and doesn't create any shaded areas on its surface. These lights reveal the undeniable intelligence hidden behind them, in which aesthetics and performance are combined.

Fukusawa's "outline" way of thinking tries to find the perfect balance while exploring the boundaries between objects, people and environment. The Itka wall and ceiling lights are available in the same three sizes as most lights in the collection: Itka 20, Itka 35 and Itka 50. Discover the **Itka Collection** and bring a warm ambience and aesthetics into your home.

PRODUCT SPECIFICATION

Light Source: **Itka 20**: 1 x Max 5.5W Gx53 LED (Excluded)
Itka 35: 3 x Max 4W E14 LED (Excluded)
