Secto Puncto 4203 Pendant Light

The Secto Punto 4203 Pendant Light is a functional and stylish lighting solution designed to illuminate dining areas, kitchen counters, and living spaces. Handmade by skilled Finnish craftsmen from PEFC-certified form-pressed birch, the wide, slatted shade diffuses light beautifully, casting a warm and inviting glow. Its clean Scandinavian aesthetic ensures it blends seamlessly with a variety of interior styles.

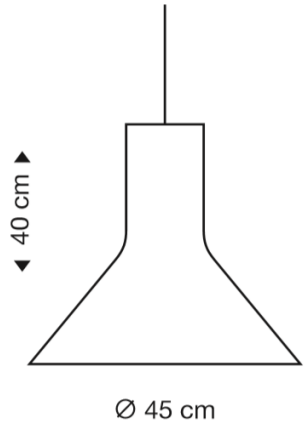

Ideal for spaces with lower ceilings, the Puncto 4203's lightweight and airy design prevents it from overwhelming the room, making it perfect for both compact and spacious environments. Use it above dining tables or coffee tables to create a relaxed and welcoming atmosphere. For a more dramatic effect, group multiple pendants together to add depth and character to larger spaces.

Available in four finishes, natural birch, walnut veneer, white laminate, and black laminate, the Puncto 4203 complements the full **Secto** range. Explore other designs in the collection, including wall, floor, and table lamps, to achieve a cohesive lighting solution.

Please Note: The Secto Puncto 4203 Pendant in Birch, White and Walnut is supplied with a white textile cable and ceiling cup as standard, while the Black finish is supplied with a black cable and ceiling cup. Alternative cable and ceiling cup colours may be available on request. Please contact us for further information.
