PRODUCT DESCRIPTION

Designer: Achille Castiglioni & Pier Giacomo Castiglioni

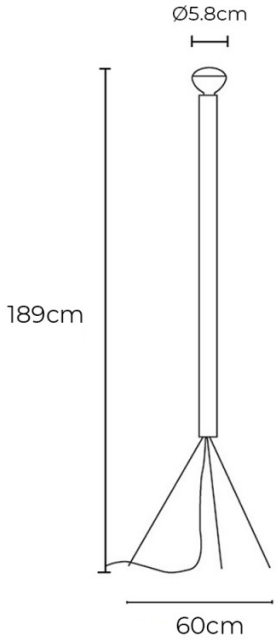

Flos Luminator Floor Lamp

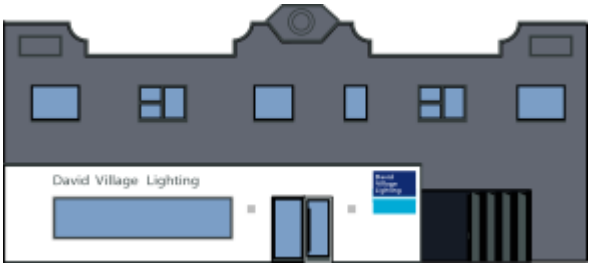

Originally designed by Pier Castiglioni and Achille Castiglioni over 5 decades ago, the Flos Luminator Floor Lamp offers a strikingly modern aesthetic. Utilising a slender cylinder stem and triangular stand, this design classic is manufactured from durable steel and provides a diffused uplight that is reflected off the ceiling into the room below. The Flos Luminator Floor Lamp is ideal as an ambient lighting solution for bedrooms, studies and living and dining rooms.

Luminator includes a dimmer on the cable for ease of use, allowing you to easily personalise the lighting output depending on your mood and desired ambience. Available in five bold finishes, this lighting solution provides ample choices and adds a contemporary touch wherever it is displayed. It can also be supplied with or without a Flos bulb.
