Marset Santorini Floor Lamp

Inspired by the lanterns found on fishing boats, this collection of outdoor customizable lamps allows you to create multiple compositions. Users can choose how many shades to place on the diffuser, along with their order, position, and direction. This interplay of combinations yields a rich array of direct or reflected light.

The Santorini collection can be hung from the ceiling, either individually or clustered together, or they can be strung up like a garland. They also work as wall lamps or standing lamps using accessories that can easily be added.
