PRODUCT DESCRIPTION

Designer: Antoni Arola

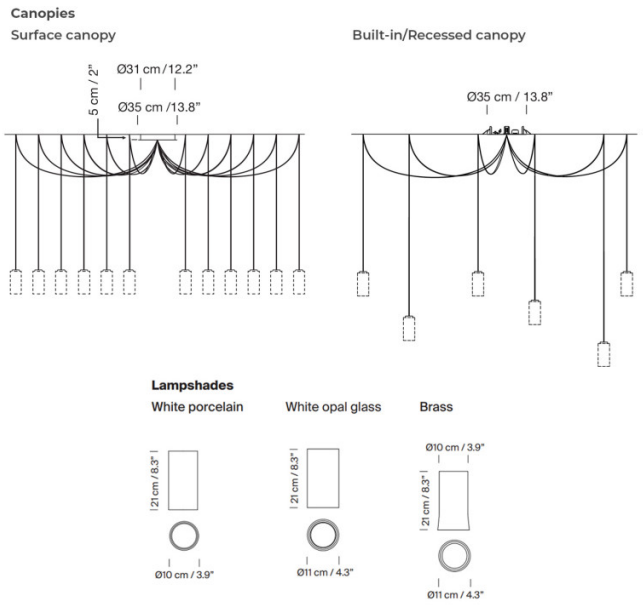

Santa & Cole Cirio Multiple LED Suspension Light

The Santa & Cole Cirio Multiple pendant system allows you to freely place Cirio pendant lights wherever they are needed. This beautiful and stunning system of pendants creates a stylish and mesmerising effect in any space, being tailor-made to each individual user. The Cirio Pendant by Santa & Cole emits a diffused glow that is also softly projected downwards; this makes it a beautiful solution for above large dining areas, kitchen islands and entryways or foyers.

The Cirio multiple system is available with 6, 8 or 12 pendants from a single small ceiling rose. Each pendant can have a maximum drop of 3m or 8m and the overall diameter can be adjusted on site. A surface-mounted ceiling canopy or a recessed ceiling plate is available depending on your needs, and the lampshades are available in either a white porcelain, white opal glass or polished brass finish.
