PRODUCT DESCRIPTION

Designer: Enzo Catellani

Catellani & Smith Lederam T1 LED Table Lamp

The Catellani & Smith Lederam T1 table lamp embodies the opulence and style of the Lederam collection whilst being small enough for a bedside or desk lamp. The shade can tilt and rotate to direct the light so that you can have the ideal lighting solution for your space. From a directed brighter light to a more ambient backlight, the Lederam Table Lamp by Catellani & Smith can provide multiple lighting solutions for smaller spaces.

This LED table lamp brings together the luxury and beauty of metallic finishes along with minimalist and stylish monochrome colours. This highlights the quality and simplicity of both materials and elevates the design.

Also available in black and satin, gold and black, copper and black, and white and satin finishes. For further details, pricing and orders please [contact us](#).
