PRODUCT DESCRIPTION

Designer: Ferruccio Laviani

Big FL/Y Pendant by Kartell

A bubble of lights, made of methacrylate, in various playful colours. The Big Fly is the largest in the family, with a diameter of 83cm. Kartell's Big Fly pendant hangs beautifully on its own, but even better when in a cluster. By mixing and matching colours and sizes, a magnificent playful display can be created, tailored to personal style. The Big Fly comes with a matching colour ceiling rose.

The cover of the Fly is not perfectly hemispherical but the cut-off is underneath the height of the diameter to collect the most light. What's more the special transparency of the Fly material and the sheen of the colours bring to mind a soap bubble, iridescent with reflections of light.
