Kartell Planet Table Lamp

As part of the **Planet Collection** from designer Tokujin Yoshioka, the Planet Table Lamp by Kartell is an exquisite light which is characterised by its spherical shape and reflective surface. With a crystal illusion design, this lamp creates an amazing and interesting glow that has a far-reaching light that is suitable for any room in the house.

Standing taller than the **Planet Low Table Lamp**, this lamp makes an impact within a room and will be a talking point of your décor. Available in three colours- yellow, crystal and smoke and with a stand and base that seamlessly match the colour of the diffuser, this table lamp will fit well within both modern and chic aesthetics.
