PRODUCT DESCRIPTION

Designer: Lievore, Altherr, Molina

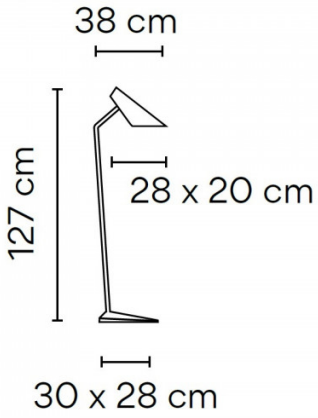

Vibia I.Cono 0712 LED Floor Lamp

Designed by Lievore, Altherr, Molina, the I.Cono floor lamp is an elegant and refined piece that features an angled stem and conical lampshade. The floor light is made from metal, having a sturdy base and stem which holds a sleek polycarbonate shade that is movable, so you can direct the light flow where needed.

Providing effective and efficient illumination, the I.Cono floor light is available in five subtle colours: beige, white, blue, black grey or terra red, so you can find the right look and finish for your space. The floor lamp is designed to be useful as a reading light, looking wonderful in lounges, reading nooks and reception areas with a stylish aesthetic and helpful glow. You can also match the I.Cono 0712 floor with others from the **Vibia I.Cono collection** for a consistent lighting scheme in your interior.
