PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan Moon Pendant

The Verpan Moon pendant light was one of Verner Panton's earliest designs that features a spherical lamp with vertical lamellae which are arranged like a fan designed for regulation of the light. The beautiful spherical design allows for a generous outpouring of soft ambient light which is ideal for over a kitchen worktop or as a cluster over a staircase.

This ceiling pendant light is available in two sizes, Ø44.5cm and Ø34cm. Both allow you to customise the amount of light that is emitted into the space. By angling the spherical metal fan, you are able to direct and diffuse the light source with ease. This pendant lamp is a clear example of Panton's ability to balance beauty with functionality.

PRODUCT SPECIFICATION

Light Source: 1 x max 60W E27 (excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming

Dimensions: Ø44.5cm
Ø34cm

250cm cable length

SMALL

LARGE

Ø34 cm

Ø44,5 cm
