Foscarini Aplomb Large LED Pendant

An expansion of the Foscarini Aplomb Collection, the Aplomb Large Pendant has a raw and industrial feel with its concrete finish. Available in various finishes which celebrate its personality, the Foscarini Aplomb Large Pendant brings together different styles, from the traditional grey of cement in its raw state, which adds depth, to a stylish white hue, and a warm, intense brown.

This larger Aplomb Pendant can be used singularly or as part of a series and is brilliant for use in more extensive interiors. The integrated LED means this light is long-lasting and will not disappoint in a wide variety of settings. Suitable for homes, offices and commercial spaces, this intriguing and modernistic pendant will catch the eye and amaze everyone who sees it.
