PRODUCT DESCRIPTION

Designer: Benedetta Tagliabue

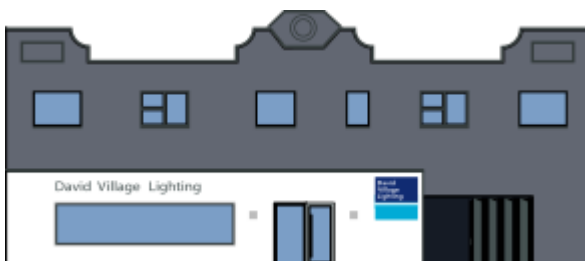

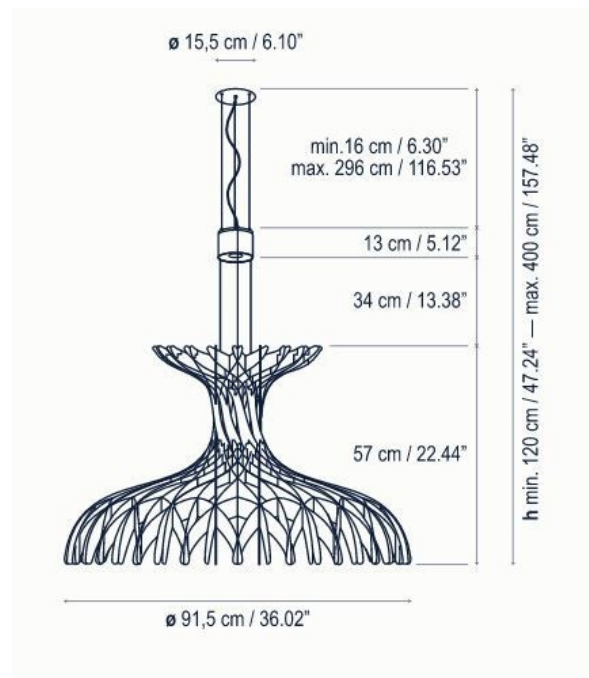

Bover Dome 90 LED Suspension

The Bover Dome 90 LED Pendant is a fantastic combination of design, art and light with a strong personality. The result is an eye catching light sculpture that creates a play of shadows and nuances that enrich the space for which they were created.

The Dome 90 LED Pendant light is completely handmade and entirely produced in the Bover Barcelona HQ. The LED light source rests atop the wooden shade, rather than inside of it, to illuminate throughout the open and diffused portions of the wooden frame. The wooden frame is curated from more than 165 wood fragments of multiple sizes, which are all intertwined and create beautiful lighting effects on the floor below.
