PRODUCT DESCRIPTION

Designer: SmithMatthias

HAY Noc Wall Light

The HAY Noc Wall Light was designed by SmithMatthias who are a design duo, Jack Smith and Gemma Matthias, based in London who reimagine products with intelligence, innovation and attention to detail. This sleek simple design is available in two finishes, Off White and Dark Grey, both finishes are minimalist and would suit any interior.

A unique feature of the HAY Noc Wall Light is the adjustable nature of lamp shade. This allows you to direct the light with precision and ease. The included blub and cable with in line on/off switch make this lamp easy to get installed and ready to light up a room straight away. The sleek and simple design is a feature that is consistent through all of SmithMatthias designs, this is clear within the [HAY Noc Light collection](#).
