PRODUCT DESCRIPTION

Designer: Eric Sole

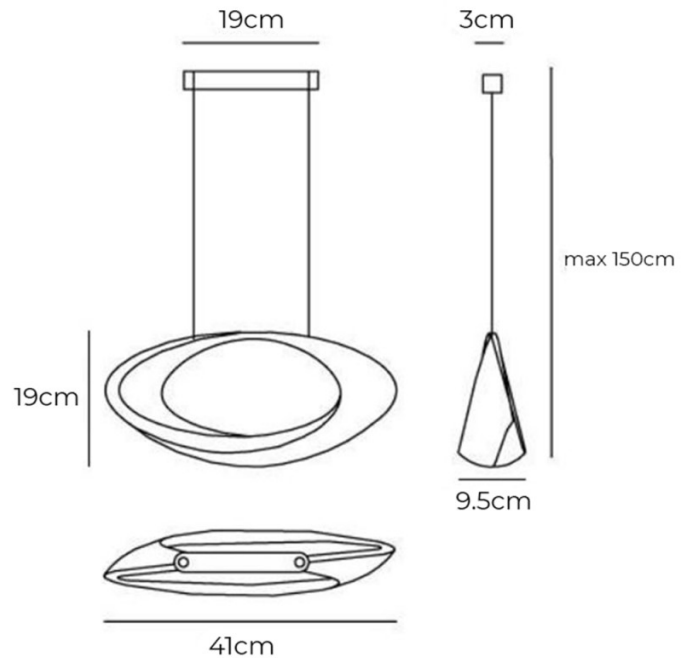

Artemide Cabildo LED Suspension

Boasting a unique silhouette, the Artemide Cabildo Suspension was designed by Eric Sole and won the Good Design Award from the Chicago Athenaeum in 2008. This luminaire is a stunning example of how lighting and sculpture meet; its minimalist design is further enhanced by the play of light created by the curved shape of the shade.

Equipped with an integrated LED, the illumination can be supplied with either a 2700K colour temperature or 3000K, depending on your needs and your space, whilst its dimming capabilities ensure that you can create the perfect ambience. The Cabildo LED Suspension Light can be installed independently or alongside other lighting solutions in the [collection](#) for a cohesive space. This luminaire is a perfect way to add ambient lighting to your environment without compromising on style.
