PRODUCT DESCRIPTION

Designer: Boris Klimek

Brokis Memory Ceiling Light

The Brokis Memory Ceiling Light brings a nostalgic sense of playfulness to contemporary interiors. Designed by Boris Klimek, this light captures the whimsy of childhood with its balloon-like glass form and iconic dangling cord. The cord doubles as a tactile on/off switch, enhancing the playful illusion while remaining fully functional. Despite being crafted from durable handblown glass, the fixture appears light and airy, as if floating at the ceiling.

Available in three sizes, a wide range of colours, and your choice of matte or glossy finish, Memory can be customised to suit a variety of design schemes. The lights can be installed individually or grouped together in clusters using a shared canopy for a more dramatic effect. Now also available in an oval form to celebrate the collection's tenth anniversary, the Memory Ceiling Light adds a vibrant and imaginative element to hallways, playrooms, stairwells, and hospitality spaces.
