Kartell All Saints Mirror

Designed by Ludovica & Roberto Palomba, the Kartell All Saints Mirror brings playfulness to an everyday object in your home. All Saints is crafted from a colourful PMMA frame with a pleated effect, available in ten vibrant colours. The frame has a slight transparency, adding depth to the design and ensuring it's versatile enough to adapt to almost any interior decor, whether minimalist, contemporary, eccentric or anti-conformist.

The Kartell All Saints Mirror can be used in bathrooms, as well as in entranceways, hallways, living rooms, or bedrooms. Perfect for adding a unique touch to your space while keeping functionality at the heart of the design. For further practicality, Kartell also offers a version of the **All Saints Mirror with integrated LEDs** that works as a light fixture as well as a mirror.
