PRODUCT DESCRIPTION

Designer: Atelier Oi

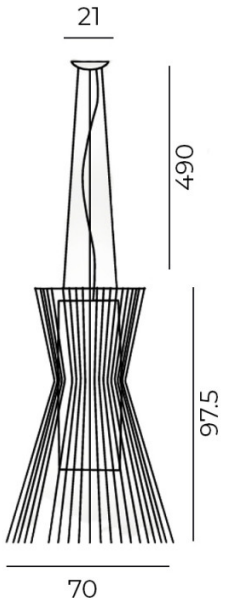

Foscarini Allegro Vivace LED Pendant Light

A part of the Foscarini Allegro collection, the Allegro Vivace LED pendant is a fascinating and captivating light that is unique. Made from aluminium rods, they are constructed to create a coned silhouette that has clean lines and a modern look. The pendant has two LED light sources integrated into the product that glow upwards and downwards. The downward light acts as a lovely spotlight, and the upper light reflects off the ceiling to produce a nice ambience.

The Allegro Vivace LED pendant light can be used in both homes and commercial spaces and looks particularly good in large spaces because of its size. You can have one alone or in rows, or you can cluster with others from the collection to create a magnificent light feature in the room.
