PRODUCT DESCRIPTION

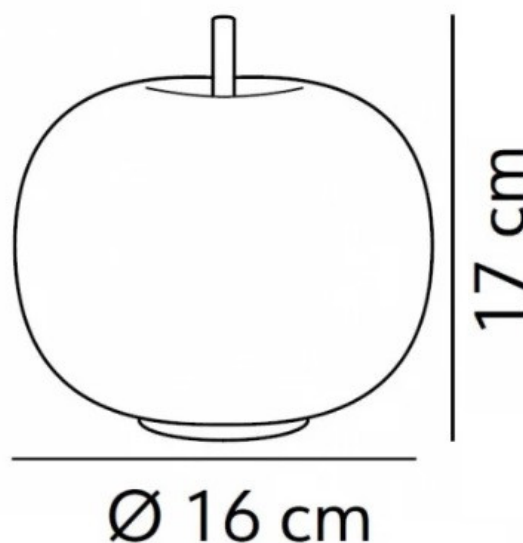

Designer: Alberto Saggia & Valerio Sommella

KDLN Kushi Mobile LED Portable Table Lamp

This KDLN portable table lamp was designed by Alberto Saggia and Valerio Sommella after an inspiring trip to Japan. Kushi, meaning skewer in Japanese, features an opal glass diffuser that appears to be skewered by a metal rod. This metal rod is available in a selection of finishes such as black, brass and copper. These metallic finishes give this KDLN table lamp a luxurious feel and an elegant touch.

The rechargeable nature of this lamp allows you to move and place this table lamp wherever you wish. With the included USB charger, this lamp will provide you with five and a half hours of light. The integrated LED light source provides a gentle soothing light that will brighten your space with ease. This portable lamp also houses an integrated on/off switch on the base of the lamp so that you can easily alter the light as you please. You can place this lamp on a bedside table, desk, or shelf to enjoy the stunning design of the Kushi collection.
