PRODUCT DESCRIPTION

Designer: Alberto Saggia & Valerio Sommella

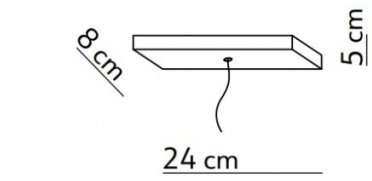

KDLN Nami LED Suspension

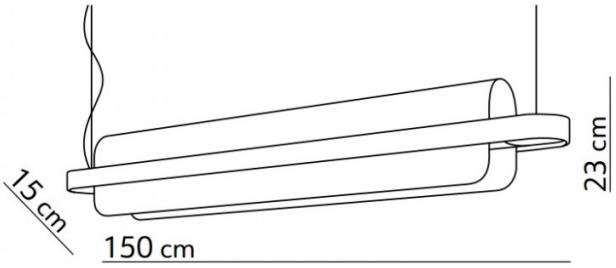

The Nami Suspension was designed by Italian design duo Alberto Saggia & Valerio Sommella. Nami, meaning wave in Japanese, uses the unique rippled glass to distort light and perspectives. This play of light and shadow mirrors the movement of sunlight shimmering gently across waves. The textured shade encompasses a metallic structure available in a black or brass finish.

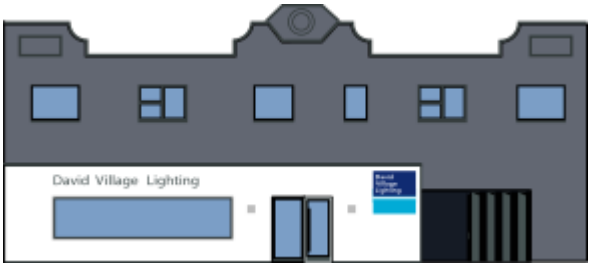

The integrated LED light source provides clean, bright illumination, making it ideal for lighting a dining table or kitchen island. In commercial spaces, the Nami Suspension brings elegance to contemporary boutiques, bars, and restaurants. Functional yet highly decorative, it is designed for laid-back spaces that invite people to slow down and enjoy life's simple pleasures.

PRODUCT SPECIFICATION

Light Source:	60W, 2700K, 5040 Lumens
IP Code:	20
Dimming:	Dimmable via 1-10V dimming systems. Please consult your electrician, additional wiring may be required on site.
Dimensions:	Width: 150cm Shade Height: 23cm Shade Depth: 15cm Cable Length: 180cm
