PRODUCT DESCRIPTION

Designer: David Pompa

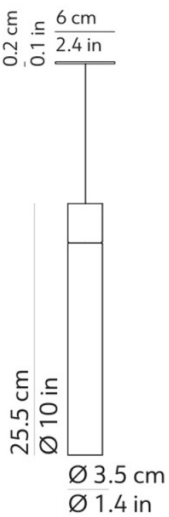

KDLN Minimal LED Pendant

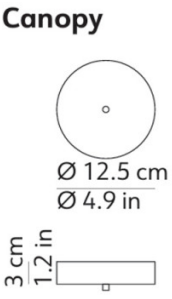

The KDLN Minimal Pendant, designed by David Pompa, is a refined expression of contemporary design with a distinctly sculptural character. Drawing from Pompa's Mexican heritage and appreciation for traditional craftsmanship, the Minimal Pendant features an elegant silhouette with clean lines that reveals the beauty of Barro Negro pottery. The Black Nickel and Copper finishes give the pendant a timeless aesthetic while adding a decorative touch to residential and commercial settings.

With its compact, vertical form, the Minimal Pendant works beautifully as a single statement light or arranged in multiples to create a more architectural installation. Hang above a kitchen island, dining table, or bedside table, or install as a cluster of pendants to add rhythm and definition to an entrance hall or reception area. The Minimal Pendant is well suited to contemporary, minimalist interiors.
