PRODUCT DESCRIPTION

Designer: Alberto Saggia & Valerio Sommella

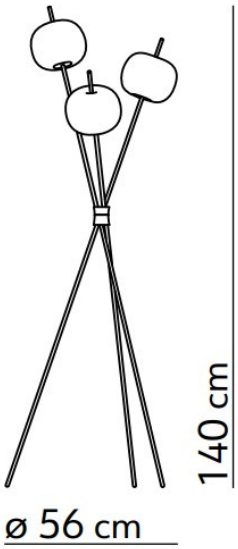

KDLN Kushi LED Floor Lamp

Inspired by Japanese cuisine, the KDLN Kushi Floor Lamp features three metal rods that appear to skewer three opal glass diffusers. Its name, “Kushi”, means skewer in Japanese, a reference beautifully reflected in its delicate and intricate design. The intertwined rods are available in black, copper, or brass finishes, each adding an elegant metallic accent to the lamp’s refined silhouette.

The Kushi Floor Lamp features integrated LED technology, offering energy-efficient and environmentally conscious lighting. Its light source is dimmable via the in-line dimmer on the cable, allowing users to create the perfect atmosphere and adjust the brightness to suit your space. Display the Kushi Floor Lamp in a living room, bedroom, or dining area to bring an elegant and striking element to your interior.
