PRODUCT DESCRIPTION

Designer: Joel Karlsson

Orsjo Belysning Streck Hard Wired Wall Light.

The Streck Wall Light is inspired by timeless and purposeful design. It suits a variety of décor styles and comes in three different colour options. This light is an elegant addition to any domestic or public space, it features brass detailing to give it an industrial feel. It also features an adjustable shade, with the light switch concealed inside.

The astounding adaptability of this piece not only means it will suit any interior style, but it can also work perfectly in both commercial and residential spaces. As always with a Joel Karlsson design, a lot of thought has gone into the details. This includes considering how the electric cable will hang, as this is strongly connected to the longevity of the product.
