PRODUCT DESCRIPTION

Designer: Jonas Wagell

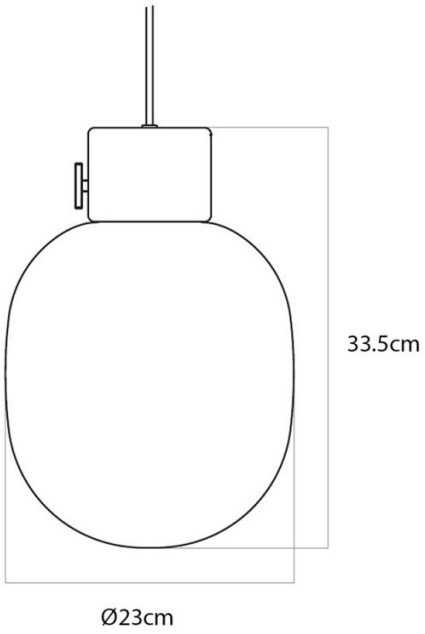

Audo Copenhagen JWDA Pendant

A part of the **Audo Copenhagen JWDA Collection**, the JWDA Pendant was inspired by a traditional oil lamp, featuring a stunning blown opal glass lampshade and a polished brass fitting. The fitting is equipped with a lovely bronzed brass dimmer switch, harking back to the oil lamp design to update old ideals for a modern application and adding a touch of user interaction to the design.

The Audo Copenhagen JWDA Pendant is suitable for a wide variety of settings and produces a warm, diffused glow. The size of the pendant light makes it perfect for use alone and in multiples, and can also be used alongside other lighting solutions from the JWDA range for a consistent lighting scheme. JWDA can easily adapt to a variety of spaces, providing you with a cosy and inviting interior. Use the gorgeous dimmer switch to create the exact ambience you want with this minimalist and timeless pendant.
