PRODUCT DESCRIPTION

Designer: Jordi Canudas

Marset Dipping Light LED Table Lamp

Marset Dipping Light LED Table Lamp is a plug-in table lamp with a glossy blown glass globe finished in layered paint. Designed by Jordi Canudas, it began with the same experiment that shaped the wider Dipping Light collection, dipping a lit bulb into paint so the colour built up in soft rings across the glass. The paint becomes part of the way the lamp works, filtering the light through the shade and giving the globe its coloured, shaded appearance.

When switched on, the Dipping Light gives a warm, softly coloured glow that works well on a side table, bedside table, shelf, or low cabinet. When switched off, the glass globe still has enough colour and form to sit comfortably as an object in the room. The three sizes offer different levels of presence, from the smaller Dipping Light for compact surfaces to the larger M size, where the lamp needs to carry more visual weight.

Available in Dipping Light, Dipping Light S, and Dipping Light M sizes, the table lamp can be used as a small accent light or as a more prominent decorative piece. The listed finishes include White, Green, Amber, Burgundy, Chocolate, and Cream, each paired with a Brushed Brass base. Most suited to bedrooms, living rooms, dining spaces, shelving, sideboards, and relaxed hospitality interiors, where a coloured glass table lamp can bring warm, softened light into the space.

PRODUCT SPECIFICATION

Light Source: **Dipping Light:** 2.2W, 2700K, 123 Lumens
Dipping Light S: 8.6W, 2700K, 765 Lumens
Dipping Light M: 8.6W, 2700K, 312 Lumens

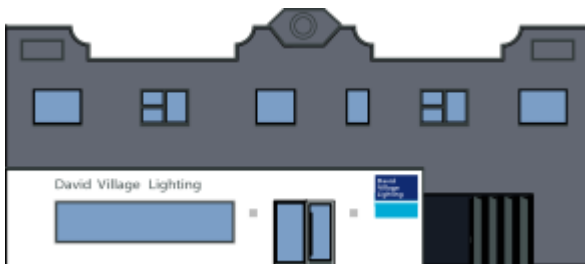

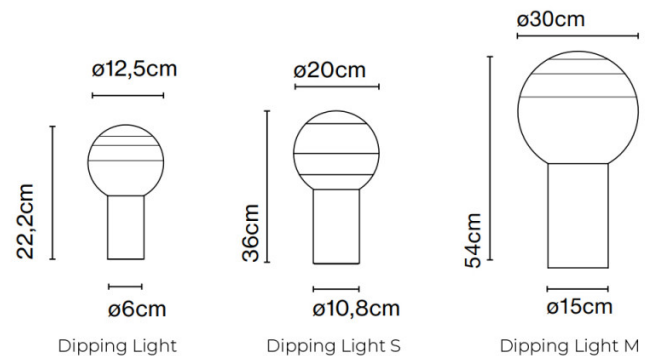

IP Code: 20

Dimming: **Dipping Light:** In-line on/off switch included on cable.
Dipping Light S: In-line dimmer included on cable.

Dimensions: Dipping Light:
Height: 22.2cm
Shade: Ø12.5cm
Base: Ø6cm
Cable Length: 200cm

Dipping Light S:
Height: 36cm
Shade: Ø20cm
Base: Ø10.8cm
Cable Length: 200cm

Dipping Light M:
Height: 54cm
Shade: Ø30cm
Base: Ø15cm
Cable Length: 175cm
