PRODUCT DESCRIPTION

Designer: Tim Rundle

Audo Copenhagen TR Bulb Suspension Frame

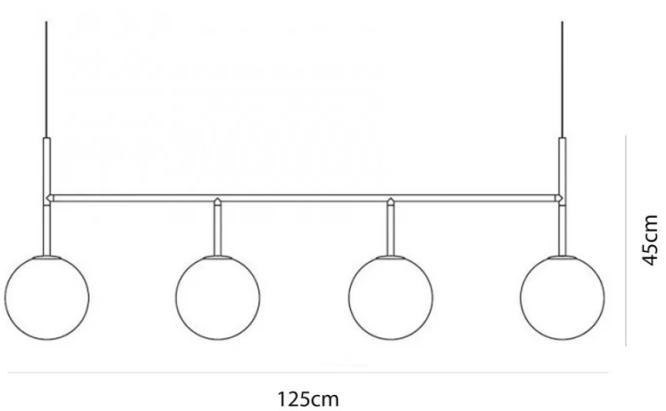

Designed by Tim Rundle, the TR Bulb suspension frame uses simplistic and practical ideals to produce a stunning centrepiece light, perfect for many rooms. The suspension frame holds four TR Bulb pendants, which are made from lovely matt opal glass, diffusing the light and creating a warm and effective glow.

The TR Bulb suspension light features a black or polished steel frame, suitable for a wide range of design styles. Do not miss out on this superb light that can act as a central light in dining rooms, lounges, hallways and more to provide the right atmosphere both at home and in work settings.

The bulb is integrated within the shade itself and, therefore, the shade and bulb need to be replaced as a whole. Please contact us for more information and pricing.
