PRODUCT DESCRIPTION

Designer: Tim Rundle

Audo Copenhagen TR Bulb Wall / Ceiling Light

Designed by Tim Rundle, the TR Bulb wall/ceiling light is a simplistic and contemporary fixture that can suit a wide variety of settings. Consisting of a metal base and an opal lampshade, the ceiling and wall light provides an effective glow that will fill the space well. You can use it in public spaces and homes, whether you need to line a corridor or illuminate a small office.

The TR Bulb ceiling/wall lamp is available in 3 metal finishes: brushed brass, black, or polished steel, allowing you to find the right look for your interior and the modern design allows for versatility and a subtle aesthetic.

The bulb is integrated within the shade itself, and therefore, the shade and bulb need to be replaced as a whole. Please contact us for more information and pricing.
