PRODUCT DESCRIPTION

Designer: Porta Romana Lighting

Porta Romana Neolith Wall Light

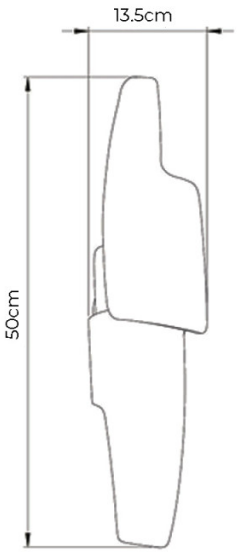

The Porta Romana Neolith Wall Light consists of overlapping folds crafted from forged steel, which is hand-finished in Porta Romana's painting studio to give the lamp depth and character. Its minimalistic silhouette creates a striking display without overwhelming its setting, perfect for a wide range of spaces. Available in Stucco White, Galactic Gold, and Galactic Silver, and subtly textured, the Neolith Wall Light adds a sculptural element to interiors, even when not in use.

When illuminated, light escapes through the overlapping folds of metal, bathing the lamp in a soft pool of light while casting gentle shadows across the wall. Perfect for hallways, framing a bed, or in rooms where low, ambient lighting is required. With a modern, architectural presence, the Neolith Wall Light adds a distinctive element to interiors while maintaining Porta Romana's decorative appeal.

The Porta Romana Neolith Wall Light can be painted in alternative finishes. Please contact us for more information.

PRODUCT SPECIFICATION

Light Source:	1 x 3W LED G9 Capsule (Included)
IP Code:	20
Dimming:	Dimming via mains phase dimming.
Dimensions:	Height: 50cm Width: 13.5cm
