### PRODUCT DESCRIPTION

**Designer:** Michael Anastassiades

### Michael Anastassiades Double Angle Pendant

The Michael Anastassiades Double Angle Pendant elevates minimalist design with its balanced structure and refined materials. Inspired by fishing hooks, the pendant features two opaline glass spheres, meticulously crafted using mouth-blown techniques to ensure a soft, diffused glow. These spheres are supported by a satin brass frame, designed with a rod suspension system that allows for customisable drop lengths to fit any space.

Ideal for dining rooms, living spaces, or commercial interiors, the Double Angle Pendant reflects Anastassiades' philosophy of preserving natural material qualities. The unlacquered finish develops a patina over time, adding depth and uniqueness to the piece. This pendant offers a perfect balance of function and artistry, making it a striking centrepiece in any interior.
