PRODUCT DESCRIPTION

Designer: Ferruccio Laviani

Kartell Mini Kabuki LED Table Lamp

Designed by Kartell art director Ferruccio Laviani, Mini Kabuki is a table-top addition to the **Kabuki Family**. Mini Kabuki maintains the unique woven structure seen throughout the rest of the range, with its lace-like, embroidered appearance the result of a highly sophisticated injection moulding process. It is also made of polycarbonate 2.0 from mass-dyed or transparent renewable raw material as part of Kartell's sustainability initiative Kartell Loves the Planet.

The intricately perforated surface of the Kartell Mini Kabuki LED Table Lamp diffuses the light produced by the integrated LED light source into playful patterns, emitting a warm, ambient glow. This illumination is perfect for creating an intimate atmosphere in any living room, bedroom, or conservatory, or anywhere you might like to read. The contrast between its baroque aesthetic and modern construction is one of Laviani's signatures and allows it to look just as appropriate in a contemporary environment as it does in a classical one. Mini Kabuki is available in 6 transparent or opaque colour options and can be used by itself or alongside other designs in the collection.

PRODUCT SPECIFICATION

Light Source:	8.4W, 2700K, 1200 Lumens
IP Code:	20
Dimming:	In-line dimmer included on cable.
Dimensions:	Height: 70cm Width: 30cm
