PRODUCT DESCRIPTION

Designer: Ernesto Gismondi

Artemide Ilio LED Floor Light App Compatible

Artemide Ilio LED Floor Lamp App Compatible is a floor lamp stripped to the bare essentials, a functional option that is minimalist and simple. Designed by Ernesto Gismondi, it pairs a tubular body with a square base for a reduced, architectural form.

This LED floor lamp delivers indirect emission with a 3000K warm white output, creating general lighting while keeping the light source out of direct view.

Artemide Ilio LED Floor Lamp App Compatible is available in Glossy Black, Rubin Red, and White, as well as a new-for-2026 Ruby Red, chosen in collaboration with Danese Milano. Featuring integrated microswitch dimming on the product and Artemide APP compatibility.

Best suited for living rooms, bedrooms, and reading corners where its indirect light can provide ambient illumination with a minimal visual presence.
