PRODUCT DESCRIPTION

Designer: Alberto Nason, Michele De Lucchi

Net Circle LED App Compatible by Artemide

A design inspired by vines, creating an assembly that can complement your space with both light and design. Alberto Nason and Michele De Lucchi collaborated on the design of the Net light collection. Their design, together with Artemide's technological expertise, brings to you an impressive effect for both residential and hospitality settings. The Net products can be combined with products of the Circle and Line family, which allows you to create countless combinations.

This product is Artemide App enabled. The intuitive and user-friendly Artemide App can be used to control individual lights or groups of lights either in the home or in a commercial setting. Simply download the App to your mobile or tablet device and control your Artemide App-enabled light via Bluetooth connection. One feature which Artemide App allows you to adjust the colour temperature and dimming settings of your Artemide light. Further information about the App and its other features can be found [here](#).
