&Tradition Journey SHY2 Wall
Light

The Journey SHY2 Wall Lamp is an elegant fusion of geometric shapes. A glass sphere appears to balance gracefully on a rectangular base, creating a singular, timeless form. Designer Signe Hytte seeks simplicity in her designs, focusing on creating objects that are functional, enduring, and free from any unnecessary clutter. This brings a fresh, timeless aesthetic to SHY2, allowing it to blend seamlessly into a wide range of decors.

When the Journey SHY2 Wall Lamp is switched on, it resembles a full moon appearing over the horizon. The opal glass shade diffuses light to create a gentle glow and a comforting atmosphere. Display in pairs to frame a doorway, or in rows, lining the length of a long work surface or hallway to provide uniform lighting. The SHY2 can be installed with other pieces from the [Journey Collection](#) for a contemporary and cohesive theme throughout the home.
