PRODUCT DESCRIPTION

Designer: Ana Kraš

HAY Bonbon Shade Table Light

The HAY Bonbon Shade Table Light was designed by Ana Kraš and features a carefully handwoven shade that uses the designers original technique to create individually unique table lamps. By hand weaving carefully selected nylon and wool fabric around a powder-coated steel frame, each lamp shade is produced with their own unique design. This has meant that the shade looks as powerfully decorative switched off as they are switched on.

However, as well as being a piece of handcrafted artwork, the HAY Bonbon Shade Table Light is also highly functional and creates a soft ambient light which is diffused through the woven woollen shade. This makes this Table or floor lamp perfect for any home as it brings a calming glow to it's surroundings and softens any interior.

Please note, the cord set for this product is also available in **White**. [Contact us](#) for pricing and information.
