PRODUCT DESCRIPTION

Designer: Sammode Studio

Sammode Studio Elgar LED Wall Light

The Sammode Studio Elgar LED Wall Light is characterised by its metal grid with slanted slats, which create a striking visual statement while ensuring high levels of visual comfort. Its geometric form offers a contemporary aesthetic that suits both residential and commercial settings. Rated IP68, the Elgar is suitable for use indoor and outdoor use, while the co-extruded polycarbonate housing is UV-resistant to prevent yellowing.

The Elgar Wall Light is designed with inclined metal slats, which conceal the light source while reflecting light towards the floor. This provides optimal lighting comfort, perfect for providing glare-free lighting throughout the home. In outdoor spaces, the Elgar is ideal for lighting pathways or corridors, especially if repeated in sequence. Available in three sizes and four metallic finishes, the Elgar is an attractive decorative wall light perfect for delivering enduring style and character.

Please Note: The Elgar Wall Light can be supplied with Casambi dimming. Please contact us for more information and pricing.
