PRODUCT DESCRIPTION

Designer: Sammode Studio

Sammode Studio Bendz Wall Light

The Sammode Studio Bendz Wall Light combines distinctive French design with the robust, refined character that Sammode is known for. Crafted from stainless steel and co-extruded polycarbonate, the Bendz ensures durability and prevents yellowing from UV radiation. With an IP68 rating, it's suitable for both indoor and outdoor use. Its compact size fits a range of spaces, from a headboard to a balcony, suiting residential and commercial spaces alike.

Designed to provide a warm, atmospheric glow, the Bendz adds both functional illumination and a sophisticated decorative accent. With straightforward access to the light fitting, users can easily replace the bulb as required. Display in pairs to frame a doorway or in multiples, running the length of a hallway or staircase. With an understated, minimalistic design, the Bendz is a striking yet practical addition to any contemporary interior.

Please Note: The Bendz Wall Light can be supplied with Casambi dimming. Please contact us for more information and pricing.
